

# When times are tough, leadership matters.

The PrintFleet Road Show is back. With 30 seminars and over 1,000 attendees over the past 3 years, we know how to help you build market share and maintain competitive power with managed print services. This is more than an opportunity, this is a business necessity. That is why we have brought together a team of industry leaders to help ensure the health of your dealership and your customers.

"I have sat through 15 years of seminars in my experience as both a business owner and executive manager at a major OEM corporation. The PrintFleet Road Show was one of the best prepared and presented I have ever experienced. They were very honest and realistic about the market and how to approach it."

Edward Gallin  
Owner, KSL Security & Printer Services

Join us and our fellow industry leaders as we launch The PrintFleet Road Show Series IV: The Sustainable Business Model.
