Compass Sales Solutions Showcases Their Wide Array of Professional Services Options!

Boise, Idaho - (March 2016) Compass Sales Solutions, the industry leader in sales opportunity software, is proud to showcase their expanding collection of Professional Service options to help Customers launch and maintain virtually any aspect of their Compass Sherpa Products!

In an effort to make not only using, but also maintaining our suite of products seamless, our Professional Services Department is continuing to expand their offerings. Standard programs include updates to pricing and equipment product numbers, updates to lease rates and leased equipment, sales templates including proposals, lease docs, sales order forms and custom reports, and much more!

What started years ago as simple pricing updates for Compass Sherpa Administrators, has expanded into a full fledge department of experienced professionals to automate almost any facet of our Sherpa product. In addition to our standard programs, we can customize programs to cover virtually any need.

"Launching and maintaining your Compass Products should be an easy process, and that's what we strive for" says Tami Dittemore, VP of Operations for Compass Sales Solutions, "We pride ourselves not only on our high quality of products and employees, but on the care we are able to give our clients. Our Professional Services Teams creativity and diligence in coming up with programs to suit our customers is exceptional; we really do have a program for anyone, and anything you may need."

About Compass Sales Solutions:

Since 2001, Compass Sales Solutions has been the leading sales force automation provider for the office technology industry in 4 countries with over 15,000 users. Compass Sherpa provides a comprehensive suite that automates all aspects of the sales process and allows your sales professionals to utilize one tool to completely manage their sales goals. This includes prospect/client identification, Outlook integration, product configuration, proposal generation, MPS analysis and mapping, ERP integration, and mobile access via smartphone's and tablets. Compass Sherpa will be the tool your team will **want** to use, not **have** to use.
